Yakima County	Consolidated	Vote-by-Mail

Consolidated Ballot: A single ballot that lists the candidates for partisan office of all major political parties, the candidates for nonpartisan office, and the ballot measures. The candidates for partisan office are listed by party and each party is separated from the other parties. The candidates for nonpartisan offices and measures are listed at the end of the ballot. A voter must check a checkbox to affiliate with a single major party for partisan votes to be valid.

Separate Ballots: A separate ballot for each major party and a separate ballot for nonpartisan offices and measures. Each party ballot will also list the nonpartisan offices and measures at the end of the ballot.
